MACHINE DISHWASH INFORMATION SHEET

USE:

An effective detergent for use in cabinet dishwashing machines. Easily removes stubborn dirt and soiling in both hard and soft water areas.

DIRECTIONS:

Dispense via the machine's automatic dosing system then adjust the concentration until effective results are being achieved with the minimum of product. Suitable for washing crockery, cutlery and stainless steel utensils and may be used to good effect in tray washing machines. Not suitable for use on delicate china, plastic or lead crystal. Do not allow contact with zinc, aluminium, magnesium or their alloys

TECHNICAL:

| | |
|----------------------|--------------------------------|
