

Alu Safe Tray Wash

Tray, crate & ware wash detergent

Highly efficient, aluminium safe, low foaming detergent for use through automatic ware washing machines and for manual washing.

Supplied in a natural see-through container to easily check volume.

Ideal for use in professional kitchens & in the food processing industry.

- Removes fat, grease, burnt on food debris & carbon deposits.
- Ideal for cleaning aluminium, zinc trays, utensils, glazed pots & metal equipment.
- Also for use on plastic trays, crates, polycarbonate & caustic sensitive metal surfaces.
- Effective in soft, medium or hard water conditions.
- Very economical in use.

FOR USE IN AUTOMATIC MACHINES:

Dispense into an automatic machine through an electronic dispenser at a ratio of 2-5 ml per litre, at 55-70°C, or in accordance with the machine manufacturer's instructions.

For tray/crate washing in the Food & Beverage Industry use 0.5-3.0% (5-30 ml per litre) at 55-70°C.

FOR MANUAL WASHING:

Dilute upto 1:400 parts hot water depending on soiling & water hardness (25 ml per 10 L / 1 x $\frac{1}{4}$ per 10 L).

Immerse trays & utensils in solution until soiling is loosened. Remove soil by light brushing or scrubbing. Rinse with clean water.
