

CP202 - 5L Wipe Out Food Safe Sanitiser

Foaming ready to use cleaner that can be used on most surfaces. Kills most common bacteria, including MRSA, ideal for use in kitchens and hospitals.

DIRECTIONS FOR USE:

Use to refill 750mls spray bottles.

5L Wipe Out Food Safe Sanitiser is already diluted for use.

Spray a small amount onto the surface, then using a clean lint free wipe spread across the area and polish dry.

Change wipe frequently to avoid recontamination.
