

PRODUCT GUIDANCE SHEET

MAGIC DISPEL

MOULD & MILDEW REMOVER

A power cleaner that removes black mould and mildew stains quickly and effectively from tile grouting, mastic and plastic shower curtains and in poor ventilated bathroom areas within the leisure and hospitality markets.

Product Name:	MAGIC DISPEL
Description:	Mould & mildew remover
Pack Size(s):	6x750ml
Pallet Size(s):	75
Product Code(s):	753631

HOW TO USE

- Used directly from the bottle as a ready to go solution and requires no dilution with water.
- Utilising the foaming trigger head spray the affected area from approximately 30cm to allow the product to cling to vertical surfaces.
- In hotel room cleaning, housekeepers should treat mould removal as one of the first cleaning tasks to maximise the contact time whilst cleaning other areas. Rinse off with water after cleaning.
- Leave the product in contact with the surface for as long as possible before wiping and/or rinsing away. Some ingrained mould or mildew staining may require more than one application.

- Contains a bleaching agent so care must be taken not to use the product within the bedroom and avoid contact with fabric or clothing, unpainted surfaces, lightly glazed/unglazed tiles, coloured grouts or damaged enamel surfaces.
- **Caution:** Never use this product in conjunction with an acid based product it may produce chlorine gases which can be fatal if inhaled.

SAFETY ADVICE

DANGER May be corrosive to metals. Causes serious eye damage. Causes skin irritation. Wear protective gloves, protective clothing and eye or face protection. IF ON SKIN (or hair): Remove immediately all contaminated clothing. Rinse skin with water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. Absorb spillage to avoid material damage.

For further detailed information on this product please refer to the Safety Data Sheet.

FOR PROFESSIONAL USE ONLY

COSHH STATEMENT

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product SDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice.
