

Est-eem[®] R.T.U.

Cleaner sanitiser

Unperfumed, ready-to-use, multi-purpose cleaner and terminal disinfectant. Formulated especially for use in the food and catering industry.

Passes EN 1276, under dirty conditions with a 30 second contact time.

Passes EN 16777 and 14476; effective against enveloped viruses* (eg. Coronaviruses).

- Removes general soiling from a variety of hard, washable surfaces.
- Recommended for worktops, cutting boards, tables, refrigerators, vending machines, sinks and surrounds, tiles, floors and walls and general kitchen equipment.
- Ideal as part of a hygiene programme to ensure compliance with food safety regulations.
- Est-eem is available in a 5 L concentrate bottle for maximum cost in use.

**Est-eem RTU is supplied, pre-diluted, at 1:15, for use against enveloped viruses. The spray bottle may be refilled at 1:25 if only bactericidal activity is required.*

DISINFECTING HARD SURFACES & EQUIPMENT:

Clean surfaces before disinfection.

Apply to surface by spray or clean cloth. Leave on surface for the required contact time (see label). Wipe with a clean cloth and allow to air dry.

Food contact surfaces must then be thoroughly rinsed with potable water.

To prevent chemical build up, surfaces should be periodically washed.

To refill bottle, please refer to Est-eem 5 L label or information sheet.

USE DISINFECTANTS SAFELY.

ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.
